Extremely Motivated to contantly develop my skills and grow professionally. I am confident to my ability to work under pressure, multitask, and can follow instructions to deliver quality result.

WORK EXPERIENCE

IT SYSTEM SUPPORT

Dec 2022 - 2026

- Managed and maintained company-owned systems, identifying and resolving bugs and errors promptly using CodeIgniter framework, Native PHP, and AJAX.
- Performed debugging and troubleshooting to ensure optimal system performance and functionality.
- Administered and maintained databases for both the City Hall and company projects using phpMyAdmin (XAMPP) and Navicat for advanced database navigation.
- Utilized Cloudflare to enhance system security by blocking malicious IP addresses and mitigating potential hacker threats.
- Deployed and configured systems online via cPanel, ensuring accessibility through web browsers.
- Managed version control and development workflows using GitHub, monitoring pull requests, merges, and facilitating streamlined system updates.
- Programmed in various frameworks based on assigned tasks.

EDUCATION

Laguna State Polytechnic University
2018 - 2022

Bachelor of Science in Information Technology Major in Web and Mobile Application
